SUGGESTIONS FOR SIAB WHATSAPP AUTOMATION

Executive Overview & Proposed Updates

1. PROPOSED MODIFICATIONS FOR CURRENT SIAB WHATSAPP AUTO VERSION

Executive Overview

Component / Feature	Details & Description
Subject Telemetry Utilization	Need to be added in 'Subject Telemetry Utilization': 1. **Curriculum Content:** Videos, PDF / eBooks 2. **Stories:** Foundational, Preparatory, Middle, Secondary, Nature Stories, Radio Stories 3. **Assessment:** Learning Outcome, Quizacademy Quizzes, Typing Tutor, Math Gamified Practice Assessment 4. **DIY / STEM:** Toys From Trash, Tinkering, Robotics, Electrical Devices & Circuits 5. **Interactive:** Simulation, Interactive Concept, Block Coding, Offline Wikipedia, VR 360 View 6. **Games:** Bucket And Tiles, Algebrace, Eat The Pie, Fun With ABC 7. **Other Content:** Related to Science concept, Math concept, History, Sports, Motivational content, AI TED-Ed videos, etc. 8. **Showcasing Of School / Teacher personalized / customized curated Content:** Via SIAB USB Port
School Fleet & Telemetry Monitor	• Need to add dropdown for Project and State along with other filters like District, etc. • Need to update OMSERVER ID instead of school code to be passed with every school.
3-Step Friday Automation Engine	• **Most Active:** The last synced date is within a week from today & usage should be more than or equal to 12 hrs/week. • **Active:** The last synced date is within 15 days from today & usage should be less than 6 hrs/week. • **Offline:** The last synced date is more than 30 days from today.
WhatsApp Mobile Simulator & 2-Way Bot	Active Teacher Chats is great, but what we need to add more is that we send messages in project-wise groups which are already existing.
Curriculum Catalog & Support Tickets Desk	Add activities related to all the categories which we can with the WhatsApp project-wise group, individual teacher, and POC.

2. PROPOSED UPDATES FOR SIAB WHATSAPP AUTOMATION

Fetching Data From School / Project WhatsApp Group

Tracking Item / Metric	Condition & Rule Details
Has Post Shared Or Not by school POC?	• **School Doing Great:** If School POC shared more than 3 posts in a week. • **School Needs A Nudge:** If School POC shared less than 3 posts in a week. • **School Offline:** If School POC doesn't share any posts.

We can measure two metrics which are mentioned below (according to these we can follow up with school POC / or in project WhatsApp groups):

Metric	Classification & Criteria
1. Is School Innovative (based on using different types of content)?	• **Most Innovative:** Out of the 8 features of SIAB, school has used/accessed more than 50% of the features and shared in the WhatsApp group via weekly posts. • **Innovative:** Out of the 8 features of SIAB, school has used/accessed between 25% - 50% of the features and shared in the WhatsApp group via weekly posts. • **Lack Of Innovation:** Out of the 8 features of SIAB, school has used/accessed less than 25% of the features and shared in the WhatsApp group via weekly posts.

Metric	Classification & Criteria
	Different Features Of SIAB / Type Of Content: 1. Curriculum Content: Videos, PDF / eBooks 2. Stories: Foundational, Preparatory, Middle, Secondary, Nature Stories, Radio Stories 3. Assessment: Learning Outcome, Quizacademy Quizzes, Typing Tutor, Math Gamified Practice Assessment 4. DIY / STEM: Toys From Trash, Tinkering, Robotics, Electrical Devices & Circuits 5. Interactive: Simulation, Interactive Concept, Block Coding, Offline Wikipedia, VR 360 View 6. Games: Bucket And Tiles, Algebrace, Eat The Pie, Fun With ABC 7. Other Content: Related to Science concept, Math concept, History, Sports, Motivational content, AI TED-Ed videos, etc. 8. Showcasing Of School / Teacher personalized / customized curated Content: Via SIAB USB Port
2. Follow Up With School Based On Quiz Academy Usage Data	**Has Quiz Academy Used or Not based on Quiz Academy usage data?** • **Most Active:** Should have active classes 3 or more than 3, enrolled students more than 50 in each class, and quizzes played by student IDs more than 50 in last 30 days. • **Active:** Should have active classes up to 2, enrolled students between 25 to 50 in each class, and quizzes played by student IDs between 25 to 50 in last 30 days. • **Inactive:** School has no active classes, no enrolled students, and no quizzes played by student IDs.
